## Locally Owned & Operated

*Locally owned and operated can mean a lot of things... here's what it means at Bubbles Express*

While many businesses manage from a distant office, our owners and managers are right here in the trenches (sometimes literally).

Our owners don't just work in the area; they live here, raise families here, and drive hundreds of miles every week between their homes and our four locations to ensure everything is running at peak performance. They're the ones on the ladders changing lightbulbs, elbow-deep in the machinery, and constantly updating our operating systems to give you and our Bubbles employees the best experience possible.

# Locally Owned & Operated

*cont. from page 1*

A perfect example happened just recently. Late one evening, a major drain clog threatened to delay our morning opening. Rather than calling a third-party service and waiting until the next day our management team stayed on-site late into the night to fix the issue themselves. Not only did they ensure the gates opened on time, but they returned first thing the next morning to implement a permanent solution.

*Regional Director Justin Sain (right) and Site Leader Jeremy Bratcher (left) snaking the drain at our Hughes location at 9:30 pm on a Friday night*

While some owners might manage from behind a desk or delegate the heavy lifting to someone else, for us, being local means being on-site and in the trenches. Whether it's 10:00 PM or sunrise, our leadership is there in person to ensure the job is done right.

From coaching our site leaders to getting their hands dirty in the tunnel, our team does whatever it takes to keep the “Express” in Bubbles Express. We're proud to be part of this community, and we are dedicated to doing the hard work behind the scenes so that our only focus is the shine on your ride.

## Team Member Spotlight

### Jeremy Bratcher

*Hughes Road Site Leader*

Jeremy is celebrating his two-year anniversary with Bubbles this month! During his time as the Hughes Road Site Leader he's

made a big impact on team members and customers alike. Whether coaching his team or ensuring every car leaves with a perfect shine, his attitude is truly contagious. His proactive and hands-on leadership style has helped make Bubbles Express a better place, and we're grateful for all the contributions he's made to the Bubbles Express family!

## Bubbles for Everyone!

*We're rolling out new wand-erful ways for every kiddo to join the fun*

While car wash lollipops are a classic tradition, we know some of our pint-sized visitors have food sensitivities or allergies. We want every single guest who rolls through our tunnel to feel the magic of the Bubbles Express experience, which is why we are so excited to introduce mini bubble wands as a fun, allergen-friendly lollipop alternative!

## Best Place To Work Awards

In May of 2026, Bubbles Express Car Wash was honored to participate in the Huntsville annual Best Places to Work® Awards. Our team stood alongside many incredible local businesses as nominees for this prestigious community recognition!

While Bubbles didn't place in the top three companies this year, we are so proud to be part of a community that places so much intentionality on creating fun and engaging workplaces! It is an honor to be in such great company and we look forward to continuing to grow together!

These colorful wands are a great way for your kiddos to choose the prize that makes them happiest, ensuring that a trip to see Buddy Bubbles remains the absolute highlight of their week. Whether they prefer a sweet treat or a wand to start their own bubble party at home, we've got them covered. Next time you roll up to a kiosk, just let our friendly team know which surprise your little one would like, and we'll help you get the party started! We're proud to be a place where every child—regardless of dietary needs—can leave with a smile and a “sparkle” of their own.
